Free Vitamin Program

We offer a free 30-day supply of multi-vitamins every month for a year.

We started this program with school children in August of 2008. Our focus was on trying to keep the children healthy to help them avoid missing school. We decided later that year to expand the program to all of our customers.

What vitamins do we offer?

- A once a day vitamin similar to a One-a-day® essential for adults and older children.
- A chewable vitamin similar to a Flintstone® chewable for younger children.
- A multivitamin drop similar to Poly-vi-sol® drop for infants.
- An oyster-shell calcium with vitamin D similar to Os-Cal® for older men and women prone to osteoporosis and for people who don't get enough calcium in their daily diet.

You can choose one of the multi-vitamins listed above as well as get a free 30-day supply of vitamin C during cold and flu season.

We hope to see you soon.
